

Each year, a family from the tri-cities area will be selected to receive an Ultimate Energy Transformation, compliments of Confident Aire, Inc.

The process all begins at Thanksgiving when we ask local churches to ask their congregations to submit the names of families that are deserving, that could use a positive event in their lives. On New Years Eve, at our Confident Aire Holiday Party, we pull the lucky recipient's name from a box. We contact that family and see if they are willing to let us do all of the measuring, testing, and improving and then get all of this done in January.

**Services Included in the *Ultimate Energy Transformation*:**

- Indoor Air Quality Analysis
- Blower Door Infiltration Test
- Professional Load Calculation
- Thorough Duct Cleaning
- Seal Ductwork
- Install new high-efficient furnace
- Install air filtration system
- Anything else the recipients needs for health and efficiency

**Past Winners:**

- 1<sup>st</sup> Annual: The Weiss family of Batavia
- 2<sup>nd</sup> Annual: The Witek family of Geneva

The Witek Family with the Confident Aire team
